CROSBY ENTERS BRITISH GOLF TOURNAMENT

New York, April 14 (AP)—The most amateur of American athletes, a chap named Bing Crosby, departed today for the British golfing wars.

An amateur, says the dictionary, is one who practices an art (or sport) not as a livelihood or professionally, but for the love of it.

That's Bing.

He is competing in the British amateur golf tournament at St. Andrews, May 22-27.

"I've played in the American amateur," said Bing by way of explanation.

"How far did you get?" he was asked.

"Got beat in the first round."

"How far do you expect to get in the British amateur?"

"Same thing—but I want to watch the tournament."

That is not being fair to Bing. Actually he's a pretty good golfer in between being a movie star and crooner.

"I'm just a three handicap man," he said. "Anyone can play in the British amateur with a three handicap or better. It's a great honor."

That means, he said, that he shoots three over par, by and large, Say 75 on a 72 par course.

To tell the truth he had a couple of 68's this year.

"That's on businessmen's courses," he said. "St. Andrews is a back-breaker—the real shrine of golf."

Bing sailed shortly after midnight on the Queen Elizabeth.

LITTLESTOWN TO BE SITE OF BALL TOURNEY

Monday, June 19, on the Littlestown Memorial Field, has been set as a tentative date for the running off of the annual district baseball tournament of the National Baseball Congress of America. This event was held last year at Island Park, Harrisburg, the home of the Harrisburg Senators Baseball club.

William Bender, Harrisburg, district commissioner, is expecting more teams from this area to participate this year, since they won't have to travel as great distances as in previous years.

Bender said, "The purpose of the district baseball tournament is to determine a district champion for representation in the State tournament." Any team, not a member of organized professional baseball or listed as a traveling club is eligible to participate. Every team must play no less than three games in the state under the banner of the town it represents, to be eligible for district tournament competition.

All persons are eligible excepting those playing in organized professional baseball after June 1, 1950, unless the player can produce a signed release from organized professional baseball. There is no age limit and each team is allowed a roster of 16 players for the tournament. This roster must be submitted before the tournament begins.

District winners will be awarded official Coca-Cola District Championship trophy. They will also receive 20 per cent of gross gate receipts of district tournament, with assurance of representation in state tournament. District runner-up will receive seven and one-half per cent of gross gate receipts and third place team two and one-half per cent.

The district tournament will be directed by the District Commissioner, who is responsible for the cost in running off the District Tournament, including prize money, baseballs, umpires, etc. Twilight games are scheduled to be played as well as night games, so long as these games do not interfere with the Littlestown Baseball club's schedule. It is hoped to have 16 teams entered for this tournament.

Any team interested in entering this tournament on the Littlestown Memorial Field is asked to contact Elmer Gall, president of the Littlestown high school athletic council for entry blanks and additional information. The entrance fee is \$5.00 per team.

Baseball Briefs

Good News For Branca

Brooklyn, April 14 (AP)—Pitcher Ralph Branca came away from an arm examination at Baltimore with good news today.

The Dodger hurler said Dr. George Bennett told him the pain in his arm was mostly muscular. Asked if he is ready to pitch again, Branca said: "I don't see why not. I shouldn't even miss a turn."

Lots Of Yankee Talent

New York, April 14 (AP)—Yankee Manager Casey Stengel believes he has so many good men that he'll have to play them on a share-the-work plan.

Stengel expects to use the two-plateau system at third base, left field, right field and first base. He claims there isn't a regular player now at any of those spots.

Built Fires In Stands

Kansas City, April 14 (AP)—It was so chilly at the Cleveland Indians-New York Giants exhibition baseball game here yesterday, some of the fans even started small fires in the stands to warm themselves.

They used such things as paper boxes, scorecards and popcorn as fuel.

Despite temperatures in the lower 40s, 8,645 persons showed up in Blues stadium to watch the Indians beat the Giants, 4-2. Spectators bundled up in overcoats, blankets, mufflers and furs.

Pirates' Starting Plans

Pittsburgh, April 14 (AP)—Bob Chenes or Cliff Chambers will start on the mound for the Pittsburgh Pirates when they open their National league season at St. Louis Tuesday night.

Pirate Manager Billy Meyer said today that Chenes definitely will be on the mound in an exhibition against the Washington Senators at the capital tomorrow. He inferred that if Chenes continues to show the form he's displayed recently he will get the nod over Chambers for the opening-day assignment.

Chenes has had 11 earned runs scored off him in 24 innings of exhibition play. Chambers, who has pitched 23 innings, gave up only eight earned runs.

A's Meet Phils

Philadelphia, April 14 (AP)—Connie Mack warms up for his 50th year as manager of the Philadelphia Athletics today as he sends his A's against the Phils in the first of a three-game city series.

The 87-year old Mack will send little southpaw Bobby Shantz against the Phils.

Manager Eddie Sawyer of the Phils isn't sure who will pitch. In fact, he said he won't know until just before game time (2 p.m. EST) at Shibe Park.

Robin Roberts, the fastball expert, is Sawyer's first choice. Roberts was bruised on the leg by a line drive several days ago and may not be able to toe the mound.

If he can't Sawyer probably will send Russ Meyer, the unpredictable right-hander against the A's.

Bob Lemon To Start

Indianapolis, Ind., April 14 (AP)—It was official today, Bob Lemon and not Bob Feller will be on the mound when the Cleveland Indians open this year.

There was little doubt about Lemon getting the honor, but Boudreau held off his announcement until just before game time yesterday.

Feller has been almost a fixture at the job, hurling three inaugurals before the war and four since he returned from wartime service in the Navy.

Lemon turned up for the opener yesterday when he went the route for the first time this season and held the New York Giants to five hits. Cleveland won the contest, played in 40-degree cold in Kansas City, 4-2.

Ronnie Kump Will Play With Lebanon

Ronnie Kump, son of Mr. and Mrs. Floyd J. Kump, Cashtown, has been assigned by the St. Louis Cardinals to the Lebanon Chicks, Pa., a farm team in Class D baseball.

Kump, who was an outstanding hurler and outfielder for Gettysburg high school for several years, trained this spring at the Cardinal tryout camp in Georgia and was selected as one of those showing great promise which resulted in his being retained.

The burly right-hander will leave the Georgia base next Wednesday.

RULING GIVES SANCTION FOR 47TH ABC PLAY

Columbus, O., April 14 (AP)—The 47th American Bowling Congress gets under way tomorrow. A taxpayer's suit for a temporary injunction, termed an 11th hour attempt to halt the 60-day 10-pin show, was tossed out of Common Pleas Court yesterday.

Judge Earl D. Parker, white-haired, one-armed jurist from Pike county assigned to hear the case, made quick work of his decision after an all-day hearing.

"I could take this case under advisement," he said. "But I see no use delaying my decision. My mind is made up. It appears to me this suit was filed rather late, with the tournament starting Saturday."

He then dismissed the petition and set a cost bond of \$200 in case the plaintiff, Harold V. Burt, decided to appeal.

Burt, a Timken Roller Bearing company employee who is a member of the ABC and bowls in a sanction league, charged in his suit that the congress is guilty of discrimination in that it limits membership to white males.

In answer to the charge the ABC was discriminating against negroes, Attorney Earl Morris of the defense said the congress is a private membership, social organization.

"It has the privilege and right of selecting its members," he said. "There is no statute against it, and no law prevents it from doing so."

Attorney David Clayman, who represented Burt, questioned the "private membership, social organization" angle and declared:

"The ABC is the Mr. Bowling of the United States. It's constitution and by-laws say it runs bowling in this country."

MOUNTS BLAST AMERICAN 10-4

Playing the final two innings in a driving snowstorm, the Mt. St. Mary's baseball team won its third game in two days by defeating American university 10-4 at Emmitsburg Thursday afternoon.

Walt Golymbieski, a freshman, whiffed 12 batters and yielded but eight safeties for the Mountaineers.

The hard-hitting Mount team rapped out 19 hits, with only two batters failing to connect safely.

On Saturday Coach Law's team will seek its fourth in a row when Catholic university will be met at Washington.

Move Underway For Midget Ball

Any community in Adams county interested in entering a midget baseball team in a proposed county league is asked to get in touch with Russell Gilbert, Edward Utz or John Deardorff, Sr., at Biglerville.

Gilbert, Utz and Deardorff were named to a committee by the Biglerville Business club to contact other communities with the idea of formulating a league for youngsters. The club voted to sponsor one team.

NORTH FULTON OPEN TOURNEY GETS UNDERWAY

Atlanta, April 14 (AP)—Two of America's finest professionals—John Palmer and Lloyd Mangrum—have not won a golf tournament this year but they're off in the lead of the \$10,000 North Fulton Open.

The brace of veterans shot 69s in the first round yesterday and hold one stroke lead over five other golfers.

Strong, chilling winds ripped across the 6,762-yard, par 71 North Fulton Park course, and the golfers who hit the highest drives suffered the most.

Well seasoned Mangrum, Palmer and the other stars who play from California to Florida on the winter tournament circuit kept their wood shots out of the wind and low along the ground.

Two other publicized professionals, an amateur and two comparative unknowns had to settle for one-under par 70s.

The 70 shooters were Henry Ransom of St. Andrews, Ill.; Clayton Heatner of Charlotte, N. C.; Amateur Frank Stranahan of Toledo, Ohio; Avery Beck of Raleigh, N. C.; and Harold Williams of Tuscaloosa, Ala.

Last week Jimmy Demaret won the Masters with 283 strokes. At North Fulton he took a par and said he was "delighted to have it." P.G.A. Champion Sam Snead of White Sulphur Springs, W. Va., and five others came in with even par golf.

AMOS THE PROPHET AND HIS PROGRAM

Amos 7:7-15; 8:1-3
Memory selection: Seek the Lord, and ye shall live. Amos 5:6.

Since we are to devote three lessons to the study of this prophet Amos in the series entitled "The Prophets Speak," it is well to refresh our knowledge of this remarkable man, Apostles of social right-

eousness in our time find much inspiration in his prophecies and quote freely from them.

The Man Amos

Twelve miles southeast of Jerusalem is the rugged plateau of Tekoa. From the highest point the view extends far to the east and even Jerusalem can be seen. Here Amos tended his sheep. They were a short-legged, unattractive breed but bore

wool of a superior quality. On the lower levels of the plain grew a species of sycamore tree whose fruit was a part of the native's diet. It was not the best kind of sycamore.

In this almost desolate area we find Amos among his sheep, sycamores — and thoughts of God and man. Years later John the Baptist lived in these same hills. Here, too, in this general region our Lord had His "temptation." No mention is made of Amos' father from which we conclude the family was not significant. Nor can we know what instruction Amos received, if any, in the religion of his people. But rural living was conducive to deep thinking and meditation and he became conscious of a mandate from Jeho-

vah. When challenged by the priest Amaziah in Bethel, Amos declared, "The Lord took me as I followed the flock and said unto me, Go, prophesy unto my people Israel." His preparation was not extensive. He knew some history, was a keen observer, had a sensitive conscience and a soul ready to hear the voice of the Lord — an equipment adequate for his high calling.

The Time

Although Amos lived a simple life with a dash of poverty no doubt, the times (about 750 B.C.) were prosperous. After the reign of Solomon the Hebrews were divided into the ten tribes of Israel, and Judah. Both kingdoms were ruled then by judicious men. The Assyrians, al-

ways potential invaders, were busy at the moment with other matters. This period has been aptly called the "Indian Summer" of the twin kingdoms. As is all too frequently the case prosperity was not a blessing. In the thickly populated centers godlessness and general looseness of living was evident, especially in Israel.

While Amos lived in the country he was not unacquainted with city life. Being a herder of sheep he naturally marketed his wool, and on other occasions visited the cities. On these trips he met travelers and merchants from other countries.

What he saw and heard impressed and shocked him. In his journeys

FOUNDATIONS!

You have to go down if you want to go up! That sounds like foolishness, but it isn't.

If you plan to build a garage, you don't need to dig very much before you lay the foundation. But if you plan to rival a modern skyscraper, you must start deep below the earth's surface.

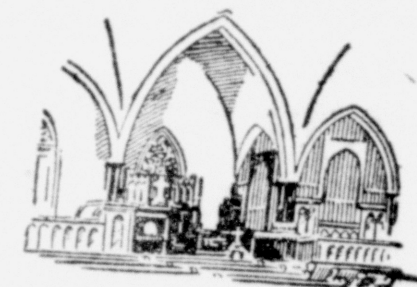

Foundations of great buildings must go down until they rest on bed rock. Not until then is it safe to start going up.

So the next time you look up at a building which rises far above you, don't forget the foundation that makes it possible.

Our lives need such foundations, too. In the building of our lives, and those of our children, we are too often governed by what other people think or by our temporary wants and desires.

But when life's storms come and its testing moments are upon us, it is the foundation that keeps us secure, or the lack of it that permits collapse. Only a life foundation that rests solidly upon faith in the eternal God is really adequate for the kind of character building we must do if we want our lives to be happy and successful.

You've got to go as deep as that, if you want to go up.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

'RUBBER STAMP' CONGRESS HELD TRUMAN'S GOAL

Washington, April 14 (AP)—Three Republican Senators accused President Truman today of seeking the election of a Congress which would rubber-stamp his foreign policies without debate.

But another GOP Senator said the President seems sincere in his efforts to restore two-party cooperation in international affairs.

Mr. Truman told a United Nations group yesterday that "this time we are trying to elect a Congress that believes in international cooperation wholeheartedly."

"Wants Rubber Stamp"
Senator Ferguson (R-Mich.), a strong supporter of most of the administration's foreign program, said the remark was one of "the most unfortunate" statements Mr. Truman could have made at this time. "I'm disappointed that the President is making foreign policy a party issue," Ferguson told a reporter. "What he really wants is a foreign policy approved with a rubber stamp."

Republican Floor Leader Wherry was "making a political football" of the bipartisan foreign policy. He wants a rubber stamp of the Truman policies," Wherry said. "And if they fail, then he can blame it all on the Republicans."

Morse For Defense
Senator Knowland (R-Calif.) also used the term "rubber stamp" in his reaction to Mr. Truman's statement, adding: "I do not believe he will get that kind of cooperation from the Republicans."

It was Senator Morse (R-Ore.) who went to the administration's defense. Declaring that Republicans are being consulted more and more about foreign affairs, Morse said the President appears to be trying sincerely to "re-establish a working bipartisan foreign policy."

The issue flared into angry debate yesterday when Chairman Connally (D-Texas) of the Senate Foreign Relations committee accused Republicans of "base slander" in

Point 4 Program Held 'Not Enough'

Philadelphia, April 14 (AP)—The United States was challenged today to help bring about a "social revolution" in the "under-developed" countries of the world.

President Truman's point four program is not enough, the American Academy of Political and Social Science was told by George Hakim,

counselor of the legation of Lebanon. Hakim said the program is "too small to provide any effective contribution" to the economic development of poverty-stricken nations.

The point four program, as conceived by the president, would supply U. S. economic know-how to the war-ravaged countries of the world. The president called it a "bold new

program."

attacks on the State department and administration. Later, Democratic Leader Lucas of Illinois pleaded with his colleagues to put aside small differences and unite on foreign policy for national interests.

CHARM SCHOOL FOR TEACHERS

Philadelphia, April 14 (AP)—A charm school designed to make teachers prettier and their pay checks fatter was announced today in Philadelphia.

The Board of Education thought it up and printed a sales talk in its sedate and scholarly publication in which it asked: "Would you care to glimpse some of the newest fashions in clothes? Would you like to know some of the hair-dos becoming to different types? Does your voice have that quality which make pupils want to listen? If not, join the class in voice culture."

The school will begin next Monday, be in session after school classes are completed and on Saturdays, and continue for six weeks.

Those who successfully complete the course—taught to teachers by teachers—will receive special credits, the board promised. The ladies who shine in the charm school classes will be given special consideration for promotion and for increases in salary.

The school board issued a cordial invitation to teachers to attend the classes which it formally designated "charm school and school of personality development." The men teachers were not invited.

Leopards are occasionally all black or albino.

Hakim said the program is "too small to provide any effective contribution" to the economic development of poverty-stricken nations.

Sunday School Lesson

(Continued from Page 7)

Amos went to Bethel where religious festivals and fairs were conducted.

There all sorts of iniquities flourished. Drunkenness and lust, false measures, cheating of the poor, the lavish feasting of the rich and the flaunting of their wealth—all these and more did not escape the clear, keen eye of the visiting shepherd. The worshiping of false gods and open, riotous living aroused the anger and disgust of Amos. Prosperity is a strain on any character—individual or national.

The Program
Amos may have been a citizen of Judah but the faithful had the same religion whether in the northern or southern kingdom. That is why he was called by the Lord to prophesy in Israel. What he saw for himself and what he heard from others on his visits to the "high places" convinced Amos that the time for action had arrived. One may picture this plain man, very likely rather picturesque in his shepherd's attire, breaking into the pagan festivals at Bethel. He did not have so much

of a program as a definite purpose, which was to speak out and correct unrighteousness in Israel. He was the first of the prophets to speak of "the day of judgment" and was insistent about repentance. The word love does not occur. He did plead for mercy before the Lord but he stressed the physical sufferings that would surely be visited upon an unrepentant Israel.

Amos used the famous figure of the plumbline: "Said the Lord, I will set a plumbline in the midst of my people Israel." In this manner he introduced morality and ethics as a criterion in religion. That is significant. Would the walls constructed under the direction of Jehovah stand erect or would the plumbline reveal them crooked? The priest, Amaziah objected to the gloomy predictions of Amos, reported him to King Jeroboam, and advised the shepherd-prophet to leave the country. But Amos, in answering, implied that he was not hired by a king to give acceptable prophecies, but chosen by God to apply the test of eternal truths to his generation. And, we may well say, to our own.

Questions on the S.S. Lesson
1. Where did Amos live?
2. To whom did he prophesy?
3. What were factors in his training?
4. Upon what did Amos insist?

TURKS SHOWER HONOR ON HERO OF WORLD WAR I

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

What an amazing drama that was which the people of Istanbul staged yesterday at the state funeral of Turkey's military hero, Marshal Fiaz Cakmak!

As the marshal's casket was being carried from the Beyazit Vezir Mosque to the waiting gun-carriage after the service, a group of citizens seized the coffin and hoisted it to their shoulders. Then they bore it ten miles to the cemetery at the head of a procession of 50,000 through streets lined with hundreds of thousands more. As they marched away they shouted:

"He came from the people! He belongs to the people, and the people will bury him!"

To understand such a demonstration you must know the Turk. He feels deeply and registers his emotions strongly. I saw an exhibition of this in '38 in Istanbul at the time of the death of the great Kemal Ataturk, father of modern Turkey. Everywhere, in offices and on the streets, men wept openly.

World War I Hero
Marshal Cakmak was one of Ataturk's right-hand men. Among the triumphs associated with Cakmak's name was the successful defense of the Dardanelles and Gallipoli in the first world war. He played a major part in that Turkish victory which had such a tremendous effect on the course of the war.

Cakmak's passing will be a sharp reminder of that fateful campaign to all the living military greats and statesmen who were involved. It has been one of the most bitterly disputed military operations in history, but the consensus of experts is that if the Allied plan had succeeded, it would have ended the war two years sooner than the actual conclusion.

Churchill Project
The Dardanelles project was the brain child of Winston Churchill, and there have been two schools of thought about it. One has maintained that the project wasn't feasible and the other has insisted that it was feasible but was fumbled badly by those who were entrusted with its execution.

Probably that argument never will be settled, but I ran into an interesting sidelight not long after the Allies abandoned the campaign. This was a disclosure by the late Captain George A. Schreiner, newspaperman and author, who was AP war correspondent with the Turkish forces defending the Dardanelles.

Schreiner's career was a colorful one. He had been aide-de-camp to the famous Oom Paul Kruger, president of the Transvaal Re-

public, during the Boer War. He was with Villa in Mexico, and had pursued adventure in many other places. So it wasn't strange that he should be with Marshal Cakmak's forces at the Dardanelles.

The Allied naval attack by British and French warships was given up as a failure on March 18, 1915. Captain Schreiner told me that shortly before the fleet withdrew this day a Turkish officer came to him and said:

Narrow Escape

"Pack up your stuff, Schreiner, and get ready to move. We can't hold out against this bombardment any longer. We are going to withdraw immediately."

So Schreiner packed, and the defenders were all set to retreat when the Allied warships ceased fire. The astonished Turks halted their preparations for evacuation and waited to see what was happening. They got their answer when the fleet sailed away, never to return.

The great Allied military offensive on Gallipoli followed. By the end of July, 1915, that also had failed in a grim welter of death, disease and suffering.

That's how Marshal Cakmak became a hero, and he who the Dardanelles campaign perhaps missed a different outcome by a hair's breadth.

BUILDING ARENA AS MEMORIAL AT JOHNSTOWN

Johnstown, Pa., April 14 (AP) — Twenty-three thousand individuals, firms and organizations in Cambria county pooled their dollars to erect a living memorial to their war heroes.

With the \$1,000,000 already raised, they have begun work on a \$1,500,000 public arena to be used for sports and other events.

The auditorium will be operated by a non-profit corporation. Directors are elected by contributors.

Contributors include just about every wage-earner and businessman in Cambria county, according to Charles Kunkle, Jr., corporation president.

To Be Ready In October

The arena will be ready for use by October 1. The dedication will climax Johnstown's five-month celebration of its 150th anniversary.

The arena will seat 4,000 for hockey and Smore horse shows and pageants, 6,500 to 7,000 for conventions, 5,500 for basketball, 2,500 for dancing and 5,500 to 6,000 for boxing and wrestling. The floor area will measure 200 by 95 feet. The ice rink will measure 200 by 85 feet—larger than that of Madison Square Garden in New York.

"The arena will make Johnstown a new mecca for entertainment in western Pennsylvania," Kunkle declared.

Citizens oversubscribed the first fund-raising campaign for the project in 1947. But the \$750,000 they collected wasn't enough to meet rising post-war costs. Another campaign this year netted \$200,000 for the fund, boosting pledges and cash raised to date to about a million dollars. To complete the financing, Cambria County War Memorial, Inc., plans to borrow \$600,000. Of this amount, \$500,000 will have to be paid back from the gate revenue. The other \$100,000 is to be offset by pledges.

New Orleans, La., April 14 (AP) — A doctor and a nutritionist have reported that dirt eating by pregnant women in rural Mississippi is quite common.

Dr. James Ferguson of New Orleans and Nutritionist Alice Glenn Keaton of Jackson, Miss., said the practice is so widespread and "so little known that it merits a report."

Besides dirt, the two wrote in the New Orleans Medical and Surgical Journal, some of the women have an unaccountable craving for plain laundry starch.

Washington, April 14 (AP)—President Truman said today the crime problem is nation-wide and not restricted to Kansas City. He said it extends also to places like St. Louis

and even to Washington. Mr. Truman said that he himself had ordered a grand jury investigation of the crime situation in Kansas City and proposed one in St. Louis.

GEORGE ADVISES AGAINST CITINGS FOR "CONTEMPT"

Washington, April 14 (AP)—Senator George (D-Ga.) said today it would

be a waste of time for Congress to start contempt action against federal officials who ignored Senate subpoenas to turn loose government loyalty files.

The subpoenas were issued by the Senate Foreign Relations subcommittee investigating the charges of Senator McCarthy (R-Wis.) that the State Department is harboring Communists and Red sympathizers.

President Truman instructed Sec-

retary of State Acheson, Attorney General McGrath and the Civil Service commission to shelve the subpoenas. He said release of the files would cripple the FBI, smear innocent people and wreck the federal loyalty program.

Earlier this week the subcommittee formally notified the full Foreign Relations committee of Mr. Truman's action. What to do next will be discussed at a meeting of the larger group next Tuesday.

Not Worthwhile

George, a member of the full committee, told reporters: "Nothing would be gained by citing anyone for contempt. I do not think it would be worthwhile to pursue the matter."

George predicted that Mr. Truman's decision would be backed up in any court test. He said all the precedent supports the idea that the President can withhold the kind of data the inquiry committee is seeking.

McCarthy has contended all along that proof of his charges can be found in the secret files of the FBI and other government agencies.

Meanwhile, New York Importer Alfred Kohlberg told reporters more about how and why he handed material to McCarthy in the Owen Lattimore case.

McCarthy has accused Lattimore, far eastern affairs specialist, of being Russia's top spy in the United

States. McCarthy also has said that former Communist Louis Budenz will testify next Thursday that he knew Lattimore to be a member of the Communist party.

Lattimore has flatly denied McCarthy's accusations and has sworn he never has been a Communist.

Kohlberg said he told McCarthy that Lattimore "associated with Communists and followed a Communist line."

Kohlberg told newsmen who spotted him at the Capitol that the data he gave McCarthy included a letter which Lattimore wrote in 1943 to Joseph Barnes, then deputy director of the Office of War Information. Lattimore at the time was also a deputy director of OWI.

CLAIMS DEMOTION

Erie, Pa., April 14 (AP)—Martin Gregor, Erie county superintendent of highways for two years, says he's been demoted for supporting Jay Cooke for the Republican nomination for Governor. At Harrisburg, Assistant Chief Engineer C. H. Buckius said: "There's no politics in this. Gregor's transfer was routine."

Gregor said he has been offered a choice of transferring to either Warren or Crawford county as an engineer.

COOKE FAVORS EISENHOWER

(By The Associated Press)

Jay Cooke was on record today as an Eisenhower-for-President man if the general consents to run in 1952.

In a campaign speech at Lock Haven yesterday, the Montgomery county candidate for the GOP nomination for governor said that if Dwight D. Eisenhower refuses to run, his next choice will be Harold E. Stassen.

Cooke, who is opposing John S. Pine, in the GOP primary, supported Stassen, now president of the University of Pennsylvania, at the 1948 Republican national convention which selected a candidate for U. S. President.

Cooke proposed that the practice of electing uninstructed delegates to the Presidential nominating convention be abandoned. "I think we

Orrtanna

Orrtanna — Pfc. Ivan Z. Riggel left on Thursday to resume his duties at the Hill Airforce Base at Ogden, Utah, after spending a furlough with his parents, Mr. and Mrs. Wilbert Riggel, here, and with his wife at the home of her parents, Mr. and Mrs. Walter Weller, Sr., at New Windsor, Md.

Pfc. Riggel was the guest of honor at a dinner on Wednesday at the home of his uncle and aunt, Mr. and Mrs. I. G. Riggel, Seven Stars, in observance of his birthday anniversary on April 20. Others present at the dinner were his wife and parents, his sister, Miss Emma Jane Riggel, and Mrs. Cora Sharrah.

Mr. and Mrs. Mark Saum, who have resided with Mr. Saum's brother, H. B. Saum, for the past three years, have gone to the home of Mrs. Saum's nephew, Glenn Bowman, and family, Chambersburg R. 5, where they will make their home for the present.

The following were reported perfect in attendance during March at the Orrtanna Grammar school: Anna Andruska, Barbara Andruska, Dean Naugle, Larry Newell, Nancy Shindecker, John Mickle, Richard Sorensen and Virginia Stonestifer. Gladys Walter is the teacher.

Those present every day at the primary school were Viola Marshall, Lena Lupulak, Elaine Newell, Mary Ann Shaffer, Harold Woerner, David Shaffer, Norbert Sorensen, Wayne Woerner and Fay Cease. Sara Miller is the teacher.

Mrs. Susan Mickle, Mrs. C. C. Allen and Mrs. Charles Myrick were hostesses at a meeting of the WSCS held at the Methodist church Thursday evening. Following the meeting refreshments were served and a social hour held. Guests included Elaine and Larry Newell, and Mrs. Mont Smith.

should change this procedure because it does not truly express the will of the people back home who elected the delegates," he said.

Cooke suggested that the names of all candidates for Presidential nomination be listed on the ballot for the voter to indicate his choice. Convention delegates, he said, then would pledge themselves to vote for the people's choice.

Pine, who resigned from the State Superior court to run for governor, meanwhile promised to expand the administration program of Gov. James H. Duff if elected.

INVITATION — AND A CHALLENGE

"You never can tell till you try"—so we want you to try the 1950 Buick. And we especially want you to compare it with others. Drive any other car—then drive Buick and see what your money should buy in ride, room, handling and power.

Only Buick has Dynaflo—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines (New F-263 engine in SUPER models). • NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper through fenders, "double bubble" taillights. • WIDE-ANGLE VISIBILITY, close-up road view both forward and back. • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius. • EXTRA-WIDE SEATS cradled between the axles. • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low pressure tires, ride-steadying torque-tube. • WIDE ARRAY OF MODELS with Body by Fisher.

What you really have here is a four-way forefront. A design that sets the coming style note—avoids many a tangle with the car ahead—makes handling easier—and costs less to repair.

And note that parking-light lenses, made of plastic and set deep in recessed sockets, are well out of harm's way—even when pushing a stalled car.

You'll find this bold front end only on Buick—as you'll find Fireball power, Dynaflo Drive,* Buick's wonderful ride, and many another headline value only on these beauties.

Why not see your dealer now for the whole story—including the happy story on prices to fit practically any budget?

*Standard on ROADMASTER, optional at extra cost on Super and Special models.
